For Medicare Patients Only

Medicare will pay for a pap smear every other year. It is recommended of this office that you have yearly pap smears; however, we understand that financially it may not be feasible. The cost is **\$78** if Medicare does not pay for it, and if Medicare does not pay, your secondary will not pay. Please choose **ONE** of the following:

_____ **I DO NOT** want my pap smear done this year if it was done last year.

_____ **I DO** want my pap smear done this year.

(Please note that we will file all charges to Medicare and secondary insurances before billing you).
